

We all need a well earned holiday. The Cotswold Waterpark lets you spend your quality time how you want to - enjoy nature and activities, explore picturesque towns and villages or just relax and do nothing.

Our fine selection of lakeside New England style lodges, glass-fronted contemporary homes and stone cottages ensure we have the perfect retreat for everyone. All are unique, and enjoy a stunning lakeside setting.

Just a few of the facilities within our locations include a 500 acre private nature reserve, tennis courts, children's play areas, outdoor heated pool, gym and water sports.

We are open all year, and will always try to offer you as many or as little days as you want from when you want. Pets are also welcome in many of our properties.
