

What do we do?

We're the Cotswold Water Park Trust and we're here to make a difference, for you and for the wildlife of the Cotswold Water Park.

We **deliver** on a wide range of projects: more and better public paths, improved parking facilities, the creation of nature reserves and campaigns to protect endangered species like the Water Vole, Otter, Bats and Black Poplar.

We **manage** hundreds of acres of land, from Neighbidge Country Park to Riverside Park, for the benefit of local people, visitors and wildlife.

We **promote better understanding** through publications, events and our website.

How will we spend your money?

We have loads of plans but we can only do them with your help. For example we want to:

- Develop Cleveland Lakes for wildlife, water activities and public access.
- Work with locals to improve Riverside Park at Lechlade.
- Continue to improve the information we provide at The Gateway Centre.
- Forge strong local partnerships to work together towards a 50 year vision for this dynamic landscape.

CWP facts:

- 40 square miles
- 150 lakes
- 20km of River Thames
- 20,000 residents
